

Snow Mountain Monastery

Community Work List

October 3rd, 2026

General Work:

- Setup outdoor canopies on the house deck for lunch.
- Power wash deck.
- Plant new trees in Southwestern forest.
- Clean leafs from gutters.
- Pull and dig out noxious weeds like Japanese Knotweed (*Polygonum cuspidatum*), Scotch broom (*Cytisus scoparius*) in fields and paths.
- Spray grass killer in driveway areas.
- Cut growth (suckers) from the base of large trees and trim low branches.
- Winterize outdoor bathrooms.
- Landscape around and clean the Arhats.
- Organize the garage and shed tools and supplies.
- Take off gold address numbers near the front gate and paint them dark green.
- Drill maple stumps and put herbicide around cambium bark.
- Fix western goat shed doors and re-hang them properly.

Note: People should bring work clothes, gloves, work/rain boots , and dust masks. Also some additional tools may be required, like weed trimmers, hand tools, etc.
